DISCUSSIONS

On motion, upon unanimous call of the roll, the Board accepted and approved the consent agenda.

---

Amy Fornshell, Child Advocacy Center, was present to provide an update on the Child Advocacy Center (CAC).

Mrs. Fornshell presented the attached 1<sup>st</sup> quarter 2018 report and the full year stats for 2017.

There was discussion relative to the number of convictions vs. the number of children that the CAC has worked with.

Mrs. Formshell explained there are a number of factors that are included in the low conviction rate including the desire of parents to shield their children from testifying in court.

Upon discussion, the Board commended the CAC for the services they provide to the community.

---

Chris Brausch, Sanitary Engineer, was present to discuss the notice from the Village of Waynesville regarding their termination of the current water agreement prior to the expiration date.

Mr. Brausch stated that the village submitted a letter on April 3, 2018, notifying the county that they are terminating the existing water agreement and providing a one year notice as stated in the current agreement. He stated that the Village would like to begin the process of negotiating a new water agreement prior to the April 1, 2019, termination date. He then stated Waynesville's desire to wait until the current litigation is concluded prior to new contract negotiations.

Mr. Brausch provided a brief history of the events that led up to the current litigation with the Village of Waynesville.

---

Chris Brausch, Sanitary Engineer, discussed with the Board how water tap-in fees are calculated using the Ohio EPA calculation on equivalent residential units (ERS's).

The Board discussed the current method vs. utilizing a comparison of similar actual historical usage.

Commissioner Young stated his concern relative to deviating from the current method opening up the ability for other users to also expect the same ability. He then stated his desire to continue using the current method of calculation.

Bruce McGary, Assistant Prosecutor, informed the Board that allowing someone to utilize a different method to calculate fees would be setting a precedent and allows others to expect the same.

---

David Duckworth, representative of Shooters Restaurant in Hamilton Township, was present to request the Board consider a reduction in tap in fees based upon actual water usage vs. the current method of calculating fees.

Rick Drescher, Sr., owner of Shooters Restaurant, stated that they are making a significant investment in the community and stated his concern with the exorbitant tap in fee based upon a comparison with other communities.

Rich Drescher, Jr. stated that their restaurant is a great fit for the community and they are ready to start construction except for the \$105,000 tap in fee plus the cost of construction which equals between \$190,000 and \$200,000.

Mr. Duckworth presented the 3 year historical water usage from their other restaurant.

Chris Brausch, Sanitary Engineer, explained the methodology used to calculate fees.

Commissioner Jones explained that Mr. Brausch previously brought their request for consideration and the Board had determined not to approve a change in fee calculations.

Commissioner Young welcomed the business to the community but explained that if the Board changes the fee schedule for them, it would be precedent setting. He then explained that if the business was unique and a category did not exist, they could accommodate but a restaurant is not a new, unique category.

MINUTES  
MAY 8, 2018  
PAGE 6

There was discussion relative to the access to the property.

The Board requested Sherri Carbo, Commissioners' Aide, to contact the County Engineer on behalf of Shooters in order to provide an update on the new roadway construction associated with their development.

---

Barney Wright, Warren County Treasurer, was present along with Jim Spaeth, Clerk of Courts, for a meeting of the Warren County Investment Advisory Board.

Mr. Wright presented the attached information as of March 31, 2018.

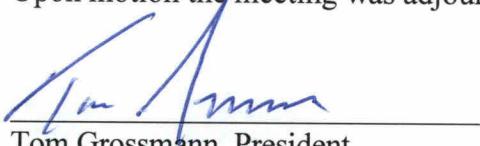

There was discussion relative to proposed legislation that would allow investments up to 10 years versus the current 5 year maximum.

Commissioner Young discussed the ability to be able to self-fund projects longer than the 5 year maximum investment time.

Upon discussion, Mr. Wright stated he is seeing yields increase and keeping investments short in order to take advantage of rising interest rates.

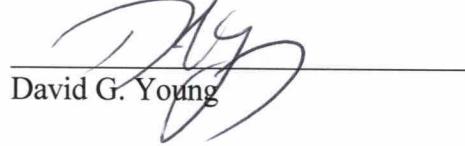

---

Upon motion the meeting was adjourned.

---

Tom Grossmann, President

---

David G. Young

---

Shannon Jones

I hereby certify that the foregoing is a true and correct copy of the minutes of the meeting of the Board of County Commissioners held on May 8, 2018, in compliance with Section 121.22 O.R.C.

RE: Shooters Sports Grill, Hamilton Township, Warren County, Ohio

Dear Honorable Commissioners:

Our request today is for your favorable reconsideration of the water/sewer tap-in fee that has been proposed for Shooters Sports Grill by the Warren County Water and Sewer Department. We have performed our due-diligence on this matter and believe that the proposed tap-in fee is unreasonable for our proposed location in Hamilton Township.

The Drescher family has been in the restaurant business for several decades. We currently operate three Shooters restaurants – Miami Township, Clermont County; Liberty Township, Butler County, and Forest Park. The Shooter's model is to provide the highest quality, freshest homemade food in a family environment with affordable prices.

Our restaurants have had a substantial economic impact in every community we operate in, and we, the owners have always placed great value on strengthening the local community. We offer our time, support, and fundraising opportunities for many local charities to give back. In addition, we provide corporate support to select organizations including schools, school PTAs or PTOs, scout troops, high school booster organizations, and traveling sports teams.

With respect to the tap-in fee, we certainly understand that property owners need to pay a fee to cover the increased capacity to the county's utility system. Our contention is that the proposed fee is not proportional or equitable to our projected water and sewer usage.

In corresponding with HAL-PE ASSOCIATES, the engineering firm retained by the owners of Shooter's, Chris G. Brausch, P.E. of the Warren County Water & Sewer Department stated back in January that the proposed restaurant, based on a seating capacity of 138 customers, is estimated to be equivalent to 12.075 residential homes ERUs. This equates to a tap-in fee of appx. \$105,000.

We contend that the 12.075 ERU projection is inaccurate based on the current Shooters Restaurant water/sewer usage at our Clermont County and Butler County sites. The building footprint of the proposed Shooters in Hamilton Twp. is slightly larger than the Clermont Co. location but almost identical to the Butler County location. Based on our analysis with confirmation by HAL-PE ASSOCIATES, the anticipated water/sewer usage of the proposed Hamilton Township site will be somewhere closer to 3.50 ERU's. As you can see, this is a significant decrease in what was projected by the Water and Sewer Department.

The proposed impact of the \$105,000 fee, in combination with other unexpected site improvement costs we must incur, is causing a definite strain on our construction budget. With only \$2 million to invest in the Hamilton Township location, we hope the Board of County Commissioners will reconsider the proposed tap-in fee and allow Mr. Brausch to develop a more equitable cost based on our true impact to the county water and sewer system.

Thank you, commissioners, for your time and consideration. We are excited and anxious to get the Hamilton Township location under construction. We have the support from our friends with the township and they too are excited to see us coming to Hamilton Township.

Sincerely,

Rick Drescher, Sr.

Rick Drescher, Jr.

Brian Drescher

	Water Use Estimate

Field Report     Fee Proposal     Memo     Transmittal     Facsimile     Other

Tim,

I've reviewed the attached water use data for the existing Shooters at 780 Loveland Maineville Road in Loveland. Considering that the proposed Shooters in Maineville will be only slightly larger than the facility in Loveland, it makes sense that existing data be used as a benchmark for the Maineville Shooters. The existing facility's water use was as follows:

- |                 |            |         |
|-----------------|------------|---------|
| • 85,184        | Nov & Dec  | 61 days |
| • 80,293        | Sept & Oct | 61 days |
| • 85,134        | July & Aug | 62 days |
| • 83,685        | May & Jun  | 61 days |
| • 88,044        | Mar & Apr  | 61 days |
| • <u>81,869</u> | Jan & Feb  | 59 days |
|                 |            | 504,209 |
|                 |            | 365     |

$$504,209 \text{ gallons} / 365 \text{ days} = 1382 \text{ gpd}$$

The 1382 gallons per day is equal to 3.46 Equivalent Residential Units when an ERU is defined as 400 gallons per day. Please let me know if you have any questions.

Sincerely,

Shane M. Gosney, PE

# SHOOTER'S RESTAURANT

- "Shooters in Maineville will be only slightly larger than facility in Loveland"
- Existing Shooters Usage: 1,382 gpd
- Existing residential customer usage: 153 gpd (2018 Shaker Run Study)

$$1,382 / 153 \text{ gpd} = 9.0 \text{ ERU}$$

## Water & Sewer Fees and Charges

Date: January 8, 2018

Property: Shooter's Restaurant (6352 SR 48)

Property ID#: 16 05 226 003

Contact Name: Brad Mitchell, BHI General Contracting

Contact Email: brad.mitchell@bhi-gc.com

Contact Number: (513) 309-8691

Description: Existing home to be redeveloped into a 5,200 SF restaurant. Restaurant is equipped with a seating capacity of 138 excluding banquet and patio. 4-inch fire line with a 2-inch domestic service. Start of construction in Spring 2018. Restaurant is 12.075 equivalent residential units based on the OEPA guideline of 35 gpd/seat (35x138/400). The existing property has a 5/8-inch water meter that will be removed from service and credited to the account.

### Restaurant (138 Seats)

	Unit Price	ERUs	Total Price
Water Tap Fee	\$4,000	12.075	\$48,300
2" Meter Set Fee			\$600
Sewer Connection Fee	\$4,800	12.075	\$57,960
Sewer Capacity Fee	\$750	12.075	\$9,056
Existing 5/8-inch Water Tap Fee Credit	-\$4,000	1	(\$4,000)
Existing Sewer Connection Fee Credit	-\$4,800	1	(\$4,800)
Existing Sewer Capacity Fee Credit	-\$750	1	(\$750)
<b>TOTAL</b>			<b>\$106,366</b>

### NOTE:

- Plans must be approved by this office and all construction must be inspected by a representative of the Water & Sewer Department.
- It is the developer's responsibility to supply, construct, and provide domestic, fire, and irrigation meters, piping, isolation valves, check valves, and meter pits for services 3-inch and larger.
- Fees and charges are subject to annual increases typically applied January

REQUEST: Owner is asking that their fees be reduced from 12.1 to 3.5 ERUs.

- SR 48 – Hamilton Twp
- 138 Seat Restaurant
- ERUs: 12.075  
(35 gpd/seat x 138 / 400 gpd/ERU)
