The LPA agrees to participate in the cost of the project to repair the Corrugated Metal Pipe that runs under the NB ramps to I-71, Columbia Road and a service drive. The LPA will be responsible for 100% of the non-state and/or non-federal share of the project cost to pave the 170' linear feet of pipe maintained by the Warren County Engineer's Office.

The LPA agrees to pay 100% of the cost of those features requested by the LPA which are determined by the State and Federal Highway Administration to be unnecessary for the Project.

The LPA further agrees that change orders and extra work contracts required to fulfill the construction contracts shall be processed as needed. The State shall not approve a change order or extra work contract until it first gives notice, in writing, to the LPA. The LPA shall contribute its share of the cost of these items in accordance with other sections herein.

The LPA agrees that if Federal Funds are used to pay the cost of any consultant contract, the LPA shall comply with 23 CFR 172 in the selection of its consultant and administration of the consultant contract. Further the LPA agrees to incorporate ODOT's "Specifications for Consulting Services" as a contract document in all of its consultant contracts. The LPA agrees to require, as a scope of services clause, that all plans prepared by the consultant must conform to ODOT's current design standards and that the consultant shall be responsible for ongoing consultant involvement during the construction phase of the Project. The LPA agrees to include a completion schedule acceptable to ODOT and to assist ODOT in rating the consultant's performance through ODOT's Consultant Evaluation System.

#### **SECTION IV – Authority to Sign**

The LPA (Board of County Commissioners) hereby authorizes the County Engineers to enter into and execute contracts with the Director of Transportation which are necessary to develop plans for and to complete the above-described project; and to execute contracts with ODOT pre-qualified consultants for the preliminary engineering phase of the Project.

Upon request of ODOT, the County Engineer is also empowered to execute any appropriate documents to affect the assignment of all rights, title, and interests of the Board of Warren County Commissioners to ODOT arising from any agreement with its consultant in order to allow ODOT to direct additional or corrective work, recover damages due to errors or omissions, and to exercise all other contractual rights and remedies afforded by law or equity.

#### **SECTION V – Utilities and Right-of-Way Statement**

The LPA agrees that all right-of-way required for the described project will be acquired and/or made available in accordance with current State and Federal regulations. The LPA also understands that right-of-way costs include eligible utility costs.

The LPA agrees that all utility accommodation, relocation and reimbursement will comply with the current provisions of 23 CFR 645 and the ODOT Utilities Manual.

#### **SECTION VI – Maintenance**

Upon completion of the Project, and unless otherwise agreed, the LPA shall: (1) provide adequate maintenance for the Project in accordance with all applicable State and Federal law,
