Kudos From Lebanon Communications

In the early morning hours around 3:30 a.m. on June 3rd, Lebanon Communications received a call reference a suspicious person/theft from a vehicle in the area of Deerfield Rd. & East Orchard Ave. Great job to those that were working; Ron Kronenberger, Amber Applegate, Tescia Davis, Kelly Fiebig, Hannah Obyran and Shelby Davis.

I wanted to pass along a HUGE thank you and compliment to Warren County's dispatch for their assistance the other night. In CFS19010288 we had a significant mutual aid response from WCSO and Mason (K9) reference two juveniles fleeing from 114 after being caught breaking into vehicles. Initially WCCC was monitoring our traffic and echoing everything to their units that picked up the call, to the point I never had to call over and give them updates or correct anything they transmitted. When the call heated up and we were playing cat and mouse with some of the juveniles, they were instrumental in starting additional backup and getting us a K9. Again, I didn't have to make phone calls or ask for anything, they read my mind and had information immediately available over PSAP. The original CFS lasted several hours and spilled over into additional calls, and the WCCC dispatchers were instrumental in the outcome of the original offense.

I can't say enough how grateful I am for how pleasant everyone was to work with on top of how well they teamed up with me and Maggie. It was truly a blessing to have such a wonderful working relationship with everyone that night, and I want to make sure that doesn't go unrecognized by us and their superiors. I hope we can all continue working together and helping in such a positive manner; it makes everyone's shift a little bit easier.

Respectfully,

Allison Washburn

Lebanon Communications Officer

Out of State SSN & Driver History Queries

When asked to run an out of state SSN, the only state, besides Ohio that you can do this for is Kentucky and even then, you have to run it as an OLN.

Out of state drivers license queries can be run by using either the; OLN (best) or name, date of birth & sex. Once the out of state query has returned, the Communications Center will also run the information through Ohio. This is to check the Ohio database for hot hits since out of state drivers license queries only query the state specified.

When running out of state queries, you will not get the drivers history. If a driver's history is needed, the Communications Center can run a separate "KQ" query. In order to run a KQ query, the Communications Center will need the OLN or name, date of birth & sex.

States that require a purpose code (C=Criminal Justice) and Attention (who is requesting the information) fields to be completed in order to get the information to return are; AK, AL, CO, CT, GA, HI, MD, MS, MT, NC, ND, NM, PA, VA, WA, and WY.

**** It should be noted that some states do not provide or enter driver's history****

Meet Our New Dispatchers

Jennifer Key

Jennifer grew up in West Carrollton, Ohio where she attended high school. During her junior year she switched to Miami Valley CTC majoring in Fire/EMS where she became a level 2 Firefighter. She previously worked at Darke County Sheriff's Office and Buckeye Ambulance. In her free time she loves Firefighting, spending time with her dog and watching Netflix and Hulu.

Thomas Viars

Thomas grew up in Middletown and went to Edgewood High School until he was a junior when he switched to Butler Tech, earning his Firefighter/EMT Basic and diploma. His prior employers include; Monroe PD, Loveland Symmes, Seven-Mile Fire Dept. and Careflight/Med-Trans MICU. He enjoys being a volunteer Firefighter and has two birds and a dog.

Brittany Carvalho

Brittany grew up in West Chester and attended Lakota East High School and the Art Institute where she earned a degree in graphic design. She comes to us from the City of Norwood where she worked as a 911 Operator. She has a son and enjoys cooking, outdoor activities and traveling.

New Dispatchers (continued)

Sophia Abrams

Sophia grew up in Wyoming, Ohio where she graduated from Wyoming High School and took classes at UC. She is currently a volunteer Firefighter/EMT for Wyoming and she previously worked as a service manager at the family business, Abrams Automotive. She has several fur babies and in her down time she enjoys spending time with her boyfriend and taking her dogs to pet friendly areas.

Lance Czinege

Lance grew up in Morrow and ended his high school career at the Warren County Career Center where he obtained his level 2 Firefighter card. He is currently a level 2 Firefighter at Harlan Twp. Fire and Rescue and he previously worked at McCluskey Chevrolet. Together he and his girlfriend have an 18 month old son and a 4 month old dog named Simba. Lance enjoys spending time with his family and friends and being at the firehouse.

Springboro Memorial Day Parade & Ceremony

By: Melissa Abrams

The parade began at 2:00 p.m. on S. Main Street and proceeded to Wade Field for a brief ceremony. The ceremony was a patriotic tribute in memory of the men and women who served and sacrificed for our nation. Members of the Springboro High School JROTC took part of the ceremony, wearing different war attire to represent each war.

EMA Spotlight

Warren County LEPC Functional EOC Exercise

By: David Wood

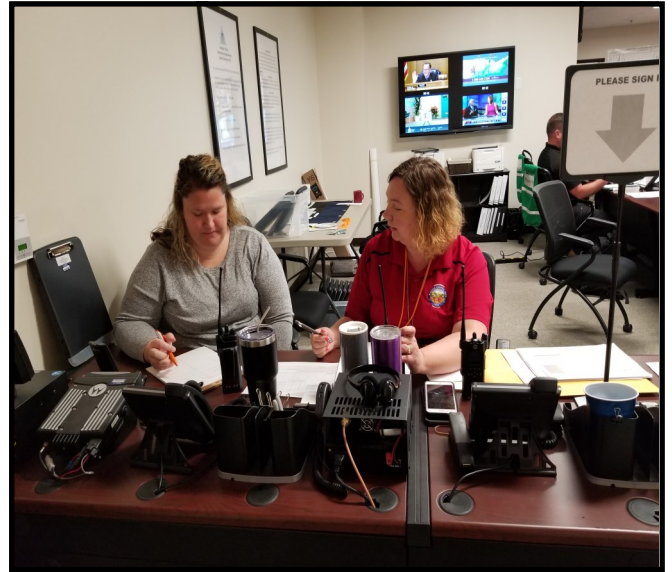

On May 8th 2019, the Warren County LEPC held a functional Emergency Operation Center (EOC) exercise to test InterPsap communication and the functionality of Warren County EOC in response to a chemical incident occurring in the City of Franklin. The exercise tested seven objectives:

- Notification of Response and Support Agencies
- Emergency Operation Center
- Resource Management
- Communication
- Population Protective Actions
- Emergency Public Information
- Traffic and Access Control

Participants in the exercise included members of the City of Franklin Police and Fire Dept., City of Franklin Dispatch, Franklin Twp. F.D., WC Dept. of Emergency Services, WC Sheriff's Office, WC Health District, WC Telecom, American Red Cross, Greater Cincinnati HazMat Unit and WC CERT. Additional individuals in attendance were from Cincinnati Fire Dept., Butler Co. EMA, Hamilton Co. EMA, Clermont Co. EMA, Deerfield Twp. Fire Dept. Hamilton Co. Communications, and Ohio EMA.

The scenario presented was a chemical incident on the 2nd Street bridge in the city of Franklin that required the activation of the WC EOC as the result of a chemical plume. Exercise play focused on communication between dispatch centers, Emergency Operation Center activation and operations and notification/warning to both responding agencies and the public.

The exercise helped to foster more effective communications between dispatch centers and enhanced the knowledge of EOC operations.

THANK YOU!

For helping your neighbors in need

On Friday, May 31, Warren County held a pop-up bottled water drive for tornado relief efforts. Thank you to the following persons/ departments who donated items:

Commissioner Dave Young
Board of County Commissioners' Office
County Administrator's Office
Warren County Health District
Warren County EMA

*We also want to thank the Warren County Health District and Telecom for helping EMA load and deliver the water.

2.5 Tons of
Water
Delivered!

Over 4,440
bottles of water
sent to help
those in need!

Two pallets of bottled water were delivered to the Dayton Foodbank who is helping to supply food and water to the Red Cross Shelters in Montgomery County.

The remaining cases of water were sent to the American Red Cross Shelter located in the First Baptist Church of Kettering where it went to occupants of the shelter and public outreach.

- 8/21/19 ~ Sweets & Meats
- 8/28/19 ~ Empanada Aqui

The Coffee Caravan will also be joining us each week.

Where Am I?

If you know the location where this picture was taken, email us at melissa.bour@wcoh.net no later than June 28th. Everyone that has the correct answer will be entered into a drawing for a gift card. Include your name, phone number, department you work for and your guess of the location and any other details. Don't forget to check back next month to see if your name was drawn.

Mike Steele, Warren County Common Pleas Court Probation guessed the correct location; which was Franklin Boxboard at 50 E. 6th St in Franklin. Congratulations Mike!

Franklin Boxboard

Franklin Boxboard produced recycled paperboard and paperboard products. The plant had been in operation for 100 years and is between 170,000 & 200,000 square feet. It closed due to the changing market conditions in the papermill industry August of 2011. This cost Franklin City 81 jobs.
